

Fanny Campos

Fanny Campos and her family moved from Colombia to Canada 14 years ago. In Colombia, she lived on a farm and spent the majority of her time volunteering in her community. She and her family lived in Quebec for three years before relocating to Calgary. They moved to Calgary over ten years ago in hopes of realizing their dreams. Her hobbies include reading, spending time outdoors, helping others and learning.

Fanny learned about CIWA through another organization in the city. She was drawn to CIWA because of the diverse programs and volunteer opportunities. Since moving to Calgary, she has received a Diploma in Human Services and is furthering her education through online distance education. She hopes to become a Counsellor.

Fanny volunteers on a regular basis with the Cross-Cultural Parenting Program, Volunteer Program, special events and as an interpreter. Fanny is a strong advocate for CIWA in the community. She enjoys listening and connecting people to the correct services in Calgary. She is thankful to receive valuable Canadian workplace experience while working in a place where she feels supported. Fanny is grateful to volunteer in an environment where immigrant women are empowered. She believes it is crucial for women to learn and grow as it sets an example for their children, families, and communities.

CIWA is delighted to recognize Fanny for her hard work and dedication. She is a quick learner, punctual and extremely dedicated. She is an outstanding member of the volunteer team as she is highly professional, always willing to help and provide a welcoming atmosphere to her clients.

Congratulations Fanny for being Volunteer of the Month for September

VOLUNTEER OF THE MONTH

CIWA
