

Fadila Kacimi

Fadila Kacimi, originally from Algeria, came to Canada in 2008. She has her Engineering Degree in Biology from the University of Tizi-Ouzou, Algeria. She just completed the Medical Lab Assistant program from SAIT and is currently looking for a position in that profession. In her free time she enjoys reading, travelling and meeting new people.

Fadila began volunteering at CIWA in 2011 helping out with special events and interpretation. She currently volunteers 3 days a week as a Volunteer Program Assistant and is a Civic Engagement Program Facilitator.

Fadila enjoys volunteering because she loves helping people. She enjoys seeing them more relaxed, smiling and their stress is released after she has helped them. She says "It's priceless, it means a lot to me." Fadila had the same integration obstacles from her immigration 3 years ago and understands the situation of her clients so she really likes to give back to them.

Fadila is a very committed, hardworking and reliable volunteer. She is always there when help is needed and gives %100 effort to whatever task she is completing. If she takes on a job you can trust that she will complete it with exceptional results. Fadila's warm smile and playful nature are a benefit to CIWA and the volunteer program. She is very good at making other volunteers feel welcomed and comfortable here.

With extreme gratitude, we are pleased to announce Fadila as the Volunteer of the Month for September 2012.

VOLUNTEER OF THE MONTH
